

TO: All DOE Field CFO's  
All M&O/M&I, and other major contractor CFO's

SUBJECT: DOE Budget Results Council- Training Survey Response

As you are aware, the DOE Budget Results Council (BRC) recently conducted a training survey of our CFO community. Your responses were excellent and provided examples of training developed and provided by organizations both inside and outside the DOE complex.

Training Developed and Provided by Organizations **Outside** the DOE Complex

Attached for your information and use is a listing of some of the "outside" training sources that were recommended in the survey. Included in the listing are the types of training, the outside sources used, and a person to contact if you have any further questions. This information will also be available at the BRC web site ([www.inel.gov/fmsic/brc.htm](http://www.inel.gov/fmsic/brc.htm)).

Training Developed and Provided by Organizations **Inside** the DOE Complex

Also identified in the survey responses were several financial management training classes that have been developed by the various DOE and contractor organizations. Because some of this training material could be of benefit to others in our financial community, I would like to set up a working group to assist in identifying and reviewing the most promising of this training. The group would work with the DOE Financial Management Career Council in making the training more broadly available within our community. Most of the group's work would be done via teleconferencing. If you would like to nominate someone from your staff to help out in this effort, please send me a name and phone number by June 28. I can be reached on (630) 252-2414 or via e-mail at: [thomas.foley@ch.doe.gov](mailto:thomas.foley@ch.doe.gov).

Thanks for your help. If you have any questions regarding the training survey or the follow-on effort mentioned above, please give me a call.

Thomas C. Foley  
Budget Results Council
